## SKILLS

Problem solver

Dart and OOP

Data structure and Algorithms

Flutter Framework

Firebase

RESTful APIs

State Managemen

GetX

Agile Development

Testing and Debugging

Version Control

## LANGUAGES

Arabic: Native

English :

## ABOUT ME

*I am a passionate Flutter developer with 2 years of experience in building mobile applications for Android and iOS platforms. I have a strong understanding of the Flutter framework .*

## EXPERIENCE

- Developed and maintained cross-platform mobile applications using Flutter framework.
- Collaborated with a team of developers, designers, and product managers to deliver high-quality applications.
- Implemented UI designs, optimized performance, and resolved bugs and issues.
- Integrated Firebase for backend services such as authentication, database, and cloud storage.
- Consumed RESTful APIs to fetch and display dynamic data in the applications.
- Utilized state management techniques such as Provider or Bloc pattern to manage app state.
- Actively participated in Agile development methodologies, including sprint planning, daily stand-ups, and retrospectives.
- Developed and maintained mobile applications with a focus on user experience and performance.
- Collaborated with clients to understand project requirements and provide technical solutions.
- Implemented third-party SDKs for analytics, push notifications, and social media integration.
- Conducted testing and debugging to ensure app stability and functionality.
- Utilized version control (e.g., Git) for code management and collaboration with the development team.

## EDUCATION

Bachelor of Science in Computer Science [Damanhour University of Computers and Information](#)

Nubaria,Damanhour,Egypt
